Benefits Hub — How Can We Help You Today? (Content)

Oct 27, 2026 ·

Page Layout

Every benefit category page (Retirement, Group Health, Group Life, Other / Custom) uses the same six sections in the same order. A section with no content doesn't render.

#	Section	What it shows	Notes
1	Hero & Welcome	Category name and image, a short welcome, and one Getting Started video	The welcome comes from either the advisor or the benefits company (carrier or recordkeeper). The advisor chooses which.
2	Video Library	This category's videos and webinar replays	Becomes section 2 once the library is built out. Until then, the advisor can move it below Documents & Forms or hide it.
3	How Can We Help You Today?	Featured cards, including the optional Account Access card	Moves up to section 2 when videos are hidden or moved down.
4	Quick Answers	A search bar, then every non-featured topic in grouped accordions	Search covers only this category's active topics.
5	Documents & Forms	This category's documents only	English / Spanish toggle when Spanish versions exist.
6	Contacts	This category's contacts: recordkeeper or carrier, advisor, and HR	Pulls from the plan's contact records.

Account Access lives in the Featured grid

Account Access is an optional card inside How Can We Help You Today?, not a section of its own. When it's turned on, it shows the plan or group ID, a login button, a few quick actions, and the support phone number. It sits first in the grid by default, and the advisor can reorder it. It doesn't count toward the category's default number of Featured topics.

Hub-level pages

These sit above the category pages and pull from the same data.

- **Home:** a card for each active benefit category, plus the announcement bar and landing pop-up when they're active.

- **News & Events:** announcements, upcoming meetings and webinars, webinar replays, and resources such as Open Enrollment guides and flyers. Category topics also show their own upcoming meetings inline.
- **My Benefits Team:** every contact across all categories.
- **All Plan Documents:** every document, grouped by category in canonical order. The footer's "Plan Materials" link goes here.
- **Life Events:** cross-category checklists such as Getting Married or Leaving the Company (to be built after the category content).

Language

When a plan has Spanish materials, Documents & Forms shows an English / Spanish toggle, and each video can carry a Spanish version. Topic copy needs Spanish versions as well, and the chatbot should answer in the participant's language.

What this replaces from the current Waypoint hub

- **401(k) Plan Materials** is no longer its own page, nav item, or Featured topic. It becomes section 5 on each category page, plus the All Plan Documents page.
- **Financial Planning** and **Rollovers & Distributions** become Featured topics on the Retirement page.
- **Meetings & Announcements** becomes News & Events.
- **Schedule Appointment** becomes the advisor CTA inside topics and on contact cards.

How this content works

Every item in this doc is a **Topic**, written once. The advisor places each topic as a Featured card, a Quick Answer, or Hidden.

Each topic carries these blocks. Empty blocks don't render.

- **Card line:** the subtitle shown on a Featured card.
- **Quick Answer:** a 2–3 sentence answer, shown first.
- **Steps:** a numbered how-to, included when there's an action to take.
- **Docs / Video / Contact:** links to this category's Documents, Video Library items, and contacts for the plan.
- **CTA:** one primary button and its destination.
- **Tags:** the search words participants actually type.

{{field}} marks a per-plan value from plan setup. **[If ...]** means the topic shows only when that plan setting is on. Otherwise it is hidden and left out of search.

All answers are educational, not investment, tax, or legal advice. Every decision-type question ends in an advisor handoff.

Retirement

The Retirement page is seeded with 6 Featured topics and 42 Quick Answers in 6 groups. When turned on, the optional Account Access card appears in the Featured grid; it doesn't count toward the 6. Four

alternate topics live in Quick Answers, and the advisor can promote any of them to Featured. Loans & Withdrawals is a Quick Answer by default, not Featured, based on pilot advisor feedback: the hub shouldn't put a spotlight on taking money out.

Topic	Default placement	Accordion group	Show if	CTA → destination
Account Access	Featured (optional card)	None	Advisor turns it on	Recordkeeper login
Enroll / Change My Contributions	Featured 1	Saving & Contributions	Always	Recordkeeper
Employer Match & Vesting	Featured 2	Employer Contributions & Vesting	Match = Yes	Recordkeeper
Manage My Investments	Featured 3	Investments	Always	Advisor scheduler
Update My Beneficiary	Featured 4	Account & Administration	Always	Beneficiary Action Hub
Leaving or Retiring	Featured 5	Leaving / Retirement	Always	Advisor scheduler
Financial Planning	Featured 6	Leaving / Retirement	Always	Advisor scheduler
Consolidate Old Accounts	Alternate (Quick Answer)	Leaving / Retirement	Roll-ins = Yes	Advisor scheduler
Roth vs. Pre-Tax	Alternate (Quick Answer)	Saving & Contributions	Roth = Yes	Advisor scheduler
Social Security / Approaching Retirement	Alternate (Quick Answer)	Leaving / Retirement	Always	Advisor scheduler
Loans & Withdrawals	Alternate (Quick Answer)	Loans & Withdrawals	Loans = Yes or Hardship = Yes	Recordkeeper

Alternate card lines, used if promoted:

- **Consolidate Old Accounts:** Bring old 401(k)s and IRAs together in one place.
- **Roth vs. Pre-Tax:** Choose when you'd rather pay taxes on your savings.
- **Social Security / Approaching Retirement:** Get ready for the years just before you retire.
- **Loans & Withdrawals:** Understand your options for accessing retirement funds.

Featured 1: Enroll / Change My Contributions

Card line: Enroll in your plan or adjust how much you're saving.

Quick Answer: {{eligibility_rule}}. Once you're eligible, you can enroll or change how much you save at any time through {{recordkeeper_name}}. A common starting point is at least enough to get the full employer match.

Steps:

1. Log in at {{recordkeeper_url}}.
2. Go to Contributions or Deferral Rate.
3. Choose a percentage of pay. [If Roth = Yes] You can split it between pre-tax and Roth.
4. Pick your investments, or keep the default.
5. Name or confirm your beneficiary, then save.

Docs: Enrollment Guide, Summary Plan Description · **Video:** How Your Retirement Plan Works

CTA: Enroll or Change My Contribution → {{recordkeeper_url}}

Related Quick Answers: How much should I be saving? · Roth vs. Pre-Tax · Contribution limits · Auto-escalation

Tags: enroll, sign up, join, contribution, deferral, percentage, paycheck, save more

Featured 2: Employer Match & Vesting

Card line: Understand what your employer contributes and when it's yours to keep.

Quick Answer: Your employer matches {{match_formula}}. Your own contributions are always 100% yours. Employer contributions become yours over time on this schedule: {{vesting_schedule}}.

Steps:

1. Log in at {{recordkeeper_url}}.
2. Confirm you're contributing at least {{match_max_pct}} of pay to get the full match.
3. Check your vested balance on your account summary.

Docs: Summary Plan Description · [If safe harbor = Yes] Safe Harbor Notice

CTA: Check My Match → {{recordkeeper_url}}

Related Quick Answers: How does the employer match work? · Am I receiving the full match? · What does vested mean? · What happens to unvested money if I leave?

Tags: match, employer contribution, free money, vesting, vested, profit sharing

Featured 3: Manage My Investments

Card line: Review your investment options or get help making decisions.

Quick Answer: You choose how your account is invested from the plan's fund lineup. If you never made a choice, your money is in {{qdia_name}}. You can change your investments online at any time.

Steps:

1. Log in at {{recordkeeper_url}}.

2. Go to Investments.
3. Choose to change future contributions, move your existing balance, or both.
4. Review your choices and confirm.

Docs: Fund Fact Sheets, Participant Fee Disclosure, QDIA Notice · **Video:** Understanding Target-Date Funds · **Contact:** {{advisor_name}}

CTA: Get Investment Help → {{advisor_booking_url}}

Related Quick Answers: What is a target-date fund? · Where is my money currently invested? · Fees and expenses · Review investments outside of the plan

Tags: investments, funds, allocation, target date, portfolio, rebalance, performance, stocks, bonds

Featured 4: Update My Beneficiary

Card line: Make sure your account goes to the people you choose.

Quick Answer: Your beneficiary designation decides who receives your account, even if your will says otherwise. If you're married, your spouse is usually your beneficiary unless they give written consent to name someone else. Review it after any marriage, divorce, birth, adoption, or death in the family.

Steps:

1. Log in at {{recordkeeper_url}}.
2. Go to Beneficiaries.
3. Add primary and contingent beneficiaries, with percentages.
4. Save. [If spouse not primary] Submit the spousal consent form to {{hr_contact}}.

Docs: Beneficiary Designation Form, Spousal Consent Form · **Contact:** {{hr_contact}}

CTA: Update My Beneficiary → Beneficiary Action Hub

Related Quick Answers: Update my beneficiary · Who do I contact?

Tags: beneficiary, who gets my money, spouse, contingent, married, divorced, new baby

Featured 5: Leaving or Retiring

Card line: Explore your options when leaving the company or preparing for retirement.

Quick Answer: Your vested balance stays yours when you leave. You can usually keep it in the plan, roll it to an IRA or a new employer's plan, or cash it out. Cashing out carries tax costs, so review your options before you decide.

Steps:

1. Check your vested balance.
2. Compare your options in the Quick Answers below.
3. Talk with {{advisor_name}} before you choose.
4. Request your rollover or distribution through {{recordkeeper_name}}.

Docs: Distribution Request Form, Rollover Guide, Summary Plan Description · **Video:** Your Options When You Leave

CTA: Talk Through My Options → {{advisor_booking_url}}

Related Quick Answers: Roll over to an IRA · Cashing out · Required Minimum Distributions · Approaching retirement

Tags: leaving, quit, terminated, new job, retire, retirement, rollover, cash out, IRA

Featured 6: Financial Planning

Card line: Get help building a financial plan around your goals.

Quick Answer: {{advisor_name}} of {{advisor_firm}} works with employees of {{plan_sponsor_name}} on retirement goals, savings, and the bigger financial picture. [If planning included = Yes] Financial planning is included at no additional cost as part of your benefits. You can meet one-on-one or join an upcoming session.

Steps:

1. Book a time that works for you.
2. Have your latest account statement handy.
3. Jot down your goals and questions.

Upcoming meetings: {{upcoming_retirement_meetings}}

CTA: Book a Meeting → {{advisor_booking_url}}

Related Quick Answers: How much should I be saving? · Social Security · Approaching retirement · Review investments outside of the plan

Tags: advisor, financial plan, planning, on track, meeting, appointment, goals, help

Featured (optional): Account Access

Card line: Log in to {{recordkeeper_name}} to see your balance, statements, and account details.

Plan ID: {{plan_id}}

Quick actions: View balances · Change contributions · Update beneficiaries

CTA: Register or Log In → {{recordkeeper_url}}

Secondary links: Call {{recordkeeper_phone}}, {{recordkeeper_hours}} · Mobile app: {{recordkeeper_app}} · [If forms go to a TPA] Submit paper forms to {{forms_submission_contact}}

Quick Answers: Saving & Contributions

How much should I be saving?

Many experts suggest saving 10% to 15% of pay, including your employer match. If that isn't possible yet, start where you can and increase by 1% each year.

CTA: Book a Meeting → {{advisor_booking_url}} · **Tags:** how much, save, percent, enough, on track

How do I change my contribution rate?

Log in, go to Contributions or Deferral Rate, and enter your new percentage. Changes usually take effect within one to two pay periods.

1. Log in at {{recordkeeper_url}}.
2. Select Contributions or Deferral Rate.
3. Enter your new percentage and save.

CTA: Change My Contribution → {{recordkeeper_url}} · **Tags:** change, increase, decrease, stop, contribution, deferral

[If Roth = Yes] Roth vs. Pre-Tax

Pre-tax contributions lower your taxable income now, and you pay tax when you withdraw in retirement. Roth contributions are taxed now, and qualified withdrawals, including earnings, are tax-free. Which fits better depends on whether you expect your tax rate to be higher now or in retirement, and you can split between both.

Video: Roth vs. Pre-Tax · **CTA:** Talk to an Advisor → {{advisor_booking_url}} · **Tags:** Roth, pre-tax, traditional, taxes, after-tax

Contribution limits

For {{plan_year}}, you can contribute up to {{deferral_limit}} from your paycheck. This limit covers pre-tax and Roth contributions combined. Employer contributions don't count toward it.

Tags: limit, maximum, max out, IRS limit, how much can I contribute

Catch-up contributions

If you're 50 or older, you can contribute an extra {{catchup_limit}} this year. [If plan allows] If you're 60 to 63, a higher catch-up of up to {{super_catchup_limit}} may apply. Under current rules, if your prior-year wages here exceeded {{roth_catchup_wage_threshold}}, catch-up contributions must be made as Roth.

Contact: {{hr_contact}} · **Tags:** catch-up, over 50, age 60, extra contribution, high earner

[If auto-escalation = Yes] Auto-escalation

Your plan can raise your contribution by {{escalation_rate}} each year, up to {{escalation_cap}}. It's an easy way to save more without having to think about it. You can turn it on or off when you log in.

CTA: Manage Auto-Increase → {{recordkeeper_url}} · **Tags:** automatic increase, auto-escalation, auto-increase, step up

[If match = Yes] How does the employer match work?

Your employer matches {{match_formula}}. Example: {{match_example}}. The match is deposited {{match_frequency}}.

Docs: Summary Plan Description · **Tags:** match, employer contribution, free money, how match works

[If match = Yes] Am I receiving the full match?

You receive the full match when you contribute at least {{match_max_pct}} of pay. Log in to check your current rate, and raise it if it's below that level.

CTA: Check My Rate → {{recordkeeper_url}} · **Tags:** full match, missing match, maximize match

[If planning tool = Yes] Is there a tool to see my whole financial picture?

{{planning_tool_name}} is a free tool for plan participants. It brings your accounts, goals, and budget into one view so you can plan at your own pace.

Video: {{planning_tool_video}} · **CTA:** Register or Log In → {{planning_tool_url}} · **Tags:** planning tool, budget, financial picture, MyBlocks, goals

Quick Answers: Employer Contributions & Vesting

What does vested mean?

Vested money is yours to keep, even if you leave the company. Your own contributions are always 100% vested. Employer contributions vest over time.

Tags: vested, vesting, ownership, keep, mine

What is my vesting schedule?

Employer contributions in your plan vest on this schedule: {{vesting_schedule}}. Years of service are counted as {{vesting_service_rule}}.

Docs: Summary Plan Description · **Tags:** vesting schedule, years of service, cliff, graded

How do I view my vested balance?

Log in to your account. Your summary shows both your total balance and your vested balance.

CTA: View My Balance → {{recordkeeper_url}} · **Tags:** vested balance, how much is mine

What happens to unvested money if I leave?

Employer money that isn't vested is forfeited when you leave and returns to the plan. Your vested balance stays yours.

Tags: unvested, forfeit, lose money, leaving

Quick Answers: Investments

Understanding investment options

Your plan offers a lineup of funds, typically a mix of stock, bond, and stable value options, plus target-date funds. Fund fact sheets explain each fund's strategy, risk, and costs.

Docs: Fund Fact Sheets · **Tags:** fund options, lineup, investment choices, what can I invest in

What is a target-date fund?

It's a single fund built around the year you expect to retire. It holds a mix of stocks and bonds and becomes more conservative as that year gets closer. Most people choose the fund closest to their expected retirement year.

Video: Understanding Target-Date Funds · **Tags:** target date, lifecycle, 2050 fund, one fund

Where is my money currently invested?

Log in to see your current investments. If you never made a choice, your money is in the plan's default fund, {{qdia_name}}.

Docs: QDIA Notice · **CTA:** View My Investments → {{recordkeeper_url}} · **Tags:** current investments, default fund, where is my money

How do I change investments?

You can change where future contributions go, move your existing balance, or both.

1. Log in at {{recordkeeper_url}}.
2. Go to Investments.
3. Choose future contributions, existing balance, or both.
4. Review and confirm.

CTA: Change My Investments → {{recordkeeper_url}} · **Tags:** change investments, reallocate, rebalance, transfer funds

Investment performance

Your personal rate of return is shown when you log in. Each fund's performance history is on its fact sheet. Past performance doesn't guarantee future results.

Docs: Fund Fact Sheets · **Tags:** performance, returns, how am I doing, gains, losses

Fees and expenses

Each fund has an expense ratio, and the plan may have administrative fees. The Participant Fee Disclosure lists every fee and how it's charged. Fees also appear on your quarterly statement.

Docs: Participant Fee Disclosure · **Tags:** fees, expense ratio, costs, charges

Review investments outside of the plan

{{advisor_name}} can review your IRAs, old 401(k)s, and other accounts alongside this plan so they work together.

CTA: Book a Review → {{advisor_booking_url}} · **Tags:** IRA, outside accounts, other investments, portfolio review, second opinion

How will I pay for my child's education?

A 529 college savings plan lets your savings grow tax-free when used for qualified education costs, such as college or vocational school. Plans vary by state, and some states offer a tax deduction for contributions. {{advisor_name}} can help you compare options.

CTA: Book a Meeting → {{advisor_booking_url}} · **Tags:** 529, college savings, education, tuition, kids, vocational school

Quick Answers: Loans & Withdrawals

[If loans = Yes] Can I take a loan?

Yes. You can generally borrow up to 50% of your vested balance, up to $50,000. Your plan allows {{loan_max_count}} loan(s) at a time, with a {{loan_fee}} setup fee.

1. Log in at {{recordkeeper_url}}.
2. Review your available loan amount.
3. Select a loan type.
4. Review the repayment terms.
5. Submit your request.

Docs: Loan Policy · **Video:** Understanding 401(k) Loans · **CTA:** Request a Loan → {{recordkeeper_url}} · **Tags:** loan, borrow, how much can I borrow

[If loans = Yes] How is a loan repaid?

You repay through payroll deductions, and the interest goes back into your own account. General loans are repaid within 5 years. Loans used to buy a primary home may allow longer.

Docs: Loan Policy · **Tags:** repay, repayment, payroll deduction, interest, payoff

[If loans = Yes] What happens to my loan if I leave?

Any unpaid balance usually must be repaid soon after you leave. If it isn't, it's treated as a withdrawal and becomes taxable income. You may also owe a 10% penalty if you're under 59½.

CTA: Talk to an Advisor → {{advisor_booking_url}} · **Tags:** loan leaving, default, outstanding loan, quit with loan

[If hardship = Yes] What is a hardship withdrawal?

It's a withdrawal for an immediate, serious financial need. Examples include medical bills, buying your primary home, tuition, preventing eviction or foreclosure, funeral costs, and certain home repairs. It's taxed, usually carries a 10% penalty if you're under 59½, and can't be paid back.

Docs: Summary Plan Description · **CTA:** Request a Withdrawal → {{recordkeeper_url}} · **Tags:** hardship, emergency, eviction, medical bills, tuition

Early withdrawal penalties

Money taken out before age 59½ is generally taxed as income, plus a 10% penalty. Some exceptions apply, such as leaving the company in or after the year you turn 55. Talk with {{advisor_name}} before withdrawing.

CTA: Talk to an Advisor → {{advisor_booking_url}} · **Tags:** penalty, 10%, early withdrawal, taxes, 59 1/2

[If in-service = Yes] In-service withdrawals

Starting at age {{inservice_age}}, you can withdraw from your account while you're still working here. Withdrawals are taxable, and rolling them to an IRA may avoid immediate taxes.

CTA: Talk to an Advisor → {{advisor_booking_url}} · **Tags:** in-service, withdraw while working, age 59 1/2

Quick Answers: Leaving / Retirement

What happens to my account if I leave?

Your vested balance stays yours. You can usually leave it in the plan, roll it to an IRA, roll it to a new employer's plan, or cash it out. Balances under {{force_out_threshold}} may be paid out or moved to an IRA automatically, so act early to choose where your money goes.

CTA: Talk Through My Options → {{advisor_booking_url}} · **Tags:** leaving, quit, fired, laid off, new job, what happens to my 401k

Roll over to an IRA

A direct rollover moves your money into an IRA without taxes or penalties. An IRA can offer more investment choices and keeps your savings in one place you control.

1. Open an IRA, or confirm the one you already have.
2. Contact {{recordkeeper_name}} and request a direct rollover.
3. The funds are sent straight to your IRA, so nothing is withheld for taxes.

Docs: Distribution Request Form, Rollover Guide · **CTA:** Get Rollover Help → {{advisor_booking_url}} · **Tags:** rollover, IRA, roll over, transfer, move my 401k

Roll over to another employer plan

If your new employer's plan accepts rollovers, you can move your balance there with a direct rollover. Check the new plan's investment options and fees first.

CTA: Talk Through My Options → {{advisor_booking_url}} · **Tags:** new employer, new 401k, roll over to new job

Cashing out

Cash-outs are taxed as income, and 20% is withheld for federal taxes. If you're under 59½, you may also owe a 10% penalty. There's no penalty if you leave the company in or after the year you turn 55.

CTA: Talk to an Advisor First → {{advisor_booking_url}} · **Tags:** cash out, lump sum, withdraw everything, taxes on cash out

[If roll-ins = Yes] Consolidating previous employer accounts

Your plan accepts rollovers from {{rollin_types}}. One account means one login, one statement, and a simpler strategy. Compare fees and investment options before you move.

1. Ask your old provider for a direct rollover, payable to {{recordkeeper_name}} for your benefit.
2. Complete your plan's incoming rollover form.
3. Send both to {{recordkeeper_name}}.

Can't find an old account? Contact your former employer's HR department, or search the U.S. Department of Labor's Retirement Savings Lost and Found database.

CTA: Get Help Consolidating → {{advisor_booking_url}} · **Tags:** consolidate, old 401k, roll in, combine accounts, lost account

Required Minimum Distributions

Required withdrawals generally begin at age 73, or age 75 if you were born in 1960 or later. If you're still working here and own less than 5% of the company, you can usually wait until you retire.

CTA: Talk to an Advisor → {{advisor_booking_url}} · **Tags:** RMD, required distribution, age 73, must withdraw

Social Security

Full retirement age is 67 for anyone born in 1960 or later. You can claim as early as 62, with a permanently reduced benefit. You can see your personal estimate at ssa.gov/myaccount.

CTA: Plan My Retirement Income → {{advisor_booking_url}} · **Tags:** Social Security, full retirement age, when to claim, benefits estimate

Approaching retirement

In the five years before retirement, review how your savings, Social Security, and health coverage will work together. Key steps include estimating your income, reviewing your investment mix, checking Medicare timing at 65, and updating your beneficiaries.

Video: Preparing for Retirement · **CTA:** Book a Retirement Review → {{advisor_booking_url}} · **Tags:** retiring soon, near retirement, retirement checklist, income plan

Leave the money in your old plan

If your vested balance is over {{force_out_threshold}}, you can usually leave it in the plan after you leave. It keeps growing tax-deferred, but you can't add new contributions, and you'll need to keep your address current. Some plans limit withdrawal options for former employees.

CTA: Talk Through My Options → {{advisor_booking_url}} · **Tags:** leave money in plan, keep 401k, do nothing, old employer plan

Quick Answers: Account & Administration

I can't log in to my account

Use the "Forgot username or password" link on the {{recordkeeper_name}} login page. If you're locked out, call {{recordkeeper_phone}}. For your security, your employer and your advisor can't reset your login.

CTA: Go to Login → {{recordkeeper_url}} · **Tags:** login, password, locked out, forgot username, register

Update my beneficiary

Log in and go to Beneficiaries to add each person's name, relationship, and percentage. If you're married, your spouse is usually your beneficiary unless they give notarized written consent to name someone else. Also name a contingent beneficiary, and review your choices after marriage, divorce, birth, adoption, or a death in the family.

1. Log in at {{recordkeeper_url}}.
2. Go to Beneficiaries.
3. Add primary and contingent beneficiaries with percentages.
4. Save. [If spouse not primary] Submit the spousal consent form to {{hr_contact}}.

CTA: Update My Beneficiary → Beneficiary Action Hub · **Tags:** beneficiary, who gets my money, spouse, contingent, married, divorced

Statements

Quarterly statements are available in the Statements section after you log in. You can choose online or paper delivery in your account settings.

CTA: View Statements → {{recordkeeper_url}} · **Tags:** statement, quarterly statement, balance history, paper statement

Tax forms

If you took a withdrawal, loan default, or rollover last year, {{recordkeeper_name}} sends Form 1099-R by January 31. Your contributions appear on your W-2 from your employer. You don't need a tax form for regular contributions alone.

Tags: 1099-R, tax form, W-2, taxes, tax document

Plan materials

Your plan's guides, notices, and forms are in the Retirement section of Plan Documents. Key documents include the Summary Plan Description, fee disclosure, and fund fact sheets.

CTA: View Plan Documents → Documents (Retirement) · **Tags:** SPD, plan document, summary plan description, notices, forms

Who do I contact?

- Account access, balances, and transactions: {{recordkeeper_name}}, {{recordkeeper_phone}}. [If forms go to a TPA] Paper forms go to {{forms_submission_contact}}.

- Eligibility, payroll, and beneficiary consent: {{hr_contact}}.
- Investment, rollover, and planning questions: {{advisor_name}}, {{advisor_phone}}.

CTA: Contact Us → Category contacts · **Tags:** contact, phone number, help, who to call, support

Before launch: Retirement review items

1. Annual figures ({{deferral_limit}}, {{catchup_limit}}, {{super_catchup_limit}}, {{roth_catchup_wage_threshold}}) are global values, updated each January. They aren't per-plan fields.
2. Loan limits, hardship reasons, the age-55 exception, required distribution ages, and spousal consent rules need a final compliance check by the advisor's firm.
3. Every [If ...] condition needs a matching yes/no field in Create Benefits: Roth, match, safe harbor, auto-enroll, auto-escalation, loans, hardship, in-service, and roll-ins.
4. Video titles listed here are placeholders until the Video Library has the matching items.

Group Health

Group Health is seeded with 5 Featured topics and 41 Quick Answers in 7 groups. Health is more transactional than Retirement, so the cards focus on getting care and handling costs. When turned on, the optional Account Access card for the carrier's member portal appears in the Featured grid; it doesn't count toward the 5.

Topic	Default placement	Accordion group	Show if	CTA → destination
Account Access	Featured (optional card)	None	Advisor turns it on	Carrier member portal
Understand My Coverage	Featured 1	Understanding Coverage	Always	Carrier member portal
Find Care	Featured 2	Getting Care	Always	Carrier provider search
Claims, Bills & Costs	Featured 3	Claims & Billing	Always	Carrier member portal
Add or Remove a Dependent	Featured 4	Changes to Coverage	Always	Dependent Action Hub
HSA / FSA	Featured 5	HSA / FSA	HSA = Yes or FSA = Yes	HSA/FSA administrator
Prescription Benefits	Alternate (Quick Answer)	Prescriptions	Always	Pharmacy benefit portal
Mental Health Support	Alternate (Quick Answer)	Getting Care	Always	Mental health resources
COBRA & Leaving	Alternate (Quick Answer)	Leaving / Aging	Always	HR contact

Topic	Default placement	Accordion group	Show if	CTA → destination
Turning 65 / Medicare	Alternate (Quick Answer)	Leaving / Aging	Always	Benefits advisor scheduler

If a plan has no HSA or FSA, the advisor can promote Prescription Benefits to keep five cards.

Alternate card lines, used if promoted:

- **Prescription Benefits:** See how your medications are covered and where to fill them.
- **Mental Health Support:** Find counseling, therapy, and mental health resources.
- **COBRA & Leaving:** Understand your health coverage options when you leave.
- **Turning 65 / Medicare:** Learn how Medicare works with your employer coverage.

Featured 1: Understand My Coverage

Card line: See what's covered and understand how your health plan works.

Quick Answer: You're covered through {{carrier_name}}, and your plan options are {{plan_options}}. Your Summary of Benefits and Coverage shows your deductible, copays, coinsurance, and out-of-pocket maximum side by side.

Steps:

1. Log in at {{carrier_url}} or through the {{carrier_app}} app.
2. Open your plan details or digital ID card.
3. Review the Summary of Benefits and Coverage for your costs.

Docs: Summary of Benefits and Coverage, Benefits Guide · **Video:** How Your Health Plan Works

CTA: View My Coverage → {{carrier_url}}

Related Quick Answers: What is my deductible? · What is coinsurance? · What is my out-of-pocket maximum? · In-network vs. out-of-network

Tags: coverage, what's covered, health plan, medical plan, benefits, ID card

Featured 2: Find Care

Card line: Find doctors, specialists, urgent care, and other in-network providers.

Quick Answer: Staying in network keeps your costs lowest. Use {{carrier_name}}'s provider search to find doctors, specialists, hospitals, and urgent care near you. [If telehealth = Yes] For quick visits, {{telehealth_name}} offers care by phone or video.

Steps:

1. Go to {{provider_search_url}}.
2. Select your plan's network: {{network_name}}.
3. Search by specialty, name, or location.
4. Call the office to confirm they're in network before your visit.

Video: Finding In-Network Care

CTA: Find a Doctor → {{provider_search_url}}

Related Quick Answers: Find a specialist · Urgent care vs. emergency room · Telehealth · Mental health resources

Tags: find a doctor, provider, in network, specialist, urgent care, primary care, near me

Featured 3: Claims, Bills & Costs

Card line: Get help understanding claims, bills, deductibles, and out-of-pocket costs.

Quick Answer: After a visit, {{carrier_name}} sends an Explanation of Benefits (EOB) showing what the plan paid and what you may owe. Compare your bill to the EOB before you pay. If they don't match, call the provider's billing office or {{carrier_name}}.

Steps:

1. Log in at {{carrier_url}}.
2. Open Claims to see each EOB.
3. Match the amount you may owe to your bill.
4. Call {{carrier_phone}} if something doesn't match.

Docs: Summary of Benefits and Coverage · **Video:** Reading Your EOB

CTA: View My Claims → {{carrier_url}}

Featured 4: Add or Remove a Dependent

Card line: Make coverage changes after marriage, birth, divorce, or another qualifying event.

Quick Answer: Outside Open Enrollment, you can change coverage only after a qualifying life event, such as marriage, birth, adoption, divorce, or losing other coverage. You must request the change within {{qle_window}} of the event.

Steps:

1. Gather proof of the event, such as a marriage or birth certificate.
2. Log in at {{enrollment_platform_url}} or contact {{hr_contact}}.
3. Add or remove the dependent and upload your documents.
4. Confirm the change and your new payroll deduction.

Docs: Benefits Guide, Dependent Verification Requirements · **Contact:** {{hr_contact}}

Featured 5: HSA / FSA [If HSA = Yes or FSA = Yes]

Card line: Learn how your health savings or flexible spending account works.

Quick Answer: [If HSA = Yes] An HSA lets you save pre-tax money for medical costs while you're on {{hdhp_plan_name}}, and the money is yours to keep, even if you leave. [If employer HSA contribution = Yes] {{plan_sponsor_name}} contributes {{hsa_employer_contribution}}. [If FSA = Yes] An FSA lets you set aside pre-tax money for eligible expenses during the plan year, but most unused funds don't roll over.

Steps:

1. Log in at {{hsa_fsa_url}}.
2. Check your balance and contribution amount.
3. Pay with your benefits card, or submit a reimbursement with your receipt.

Secondary links: Call {{carrier_phone}} · Mobile app: {{carrier_app}} · [If nurse line = Yes] 24/7 Nurse Line: {{nurse_line}}

Quick Answers: Understanding Coverage

What is my deductible?

Your deductible is the amount you pay for covered care each plan year before the plan starts paying its share. Your deductible is {{deductible}}. Preventive care is usually covered before you meet it.

Docs: Summary of Benefits and Coverage · **Tags:** deductible, how much do I pay first, meet my deductible

What is a copay?

A copay is a flat fee you pay for a covered service, such as {{pcp_copay}} for a primary care visit or {{specialist_copay}} for a specialist.

Tags: copay, office visit cost, flat fee

What is coinsurance?

Coinsurance is your share of the cost, as a percentage, after you meet your deductible. For example, with 20% coinsurance on a $1,000 bill, you pay $200 and the plan pays $800. Your coinsurance is {{coinsurance}}.

Tags: coinsurance, percentage, 80/20, my share

What is my out-of-pocket maximum?

It's the most you'll pay for covered in-network care in a plan year: {{oop_max}}. After you reach it, the plan pays 100% of covered costs for the rest of the year. Your premiums don't count toward it.

Tags: out-of-pocket maximum, OOP max, most I'll pay, cap

Preventive care

In-network preventive care, such as annual checkups, recommended screenings, and most vaccines, is covered at no cost to you. If you discuss a new health problem during the visit, that part may be billed separately.

Tags: preventive, annual physical, checkup, screening, vaccine, free care

In-network vs. out-of-network

In-network providers have agreed to lower rates with {{carrier_name}}, so you pay less. Out-of-network care costs more, [If HMO or EPO] and usually isn't covered except in emergencies. Out-of-network providers may also bill you for the difference between their charge and what the plan pays.

CTA: Find a Doctor → {{provider_search_url}} · **Tags:** in network, out of network, network, balance billing

[If dental = Yes] Dental coverage

Your dental plan through {{dental_carrier}} covers preventive, basic, and major care at different levels. Cleanings and exams are usually covered at the highest level. See the dental summary for your costs.

Docs: Dental Summary · **CTA:** Go to Dental → {{dental_url}} · **Tags:** dental, dentist, cleaning, teeth, orthodontics

[If vision = Yes] Vision coverage

Your vision plan through {{vision_carrier}} covers eye exams and gives you an allowance toward glasses or contacts. See the vision summary for your costs and allowances.

Docs: Vision Summary · **CTA:** Go to Vision → {{vision_url}} · **Tags:** vision, eye exam, glasses, contacts, optometrist

Quick Answers: Getting Care

Find a doctor

Search {{carrier_name}}'s directory for in-network primary care doctors near you. [If PCP required = Yes] Your plan requires you to choose a primary care doctor.

CTA: Find a Doctor → {{provider_search_url}} · **Tags:** find a doctor, primary care, PCP, new doctor

Find a specialist

Search the provider directory by specialty to find in-network specialists. [If referral required = Yes] You'll need a referral from your primary care doctor before your visit.

CTA: Find a Specialist → {{provider_search_url}} · **Tags:** specialist, referral, dermatologist, cardiologist, orthopedic

Urgent care vs. emergency room

Urgent care is for problems that need quick attention but aren't life-threatening, such as sprains, fevers, or minor cuts, and it costs much less. Go to the ER for chest pain, trouble breathing, severe bleeding, or signs of a stroke. In an emergency, call 911.

Tags: urgent care, emergency room, ER, where should I go, after hours

[If telehealth = Yes] Telehealth

{{telehealth_name}} lets you see a doctor by phone or video for common illnesses, prescription refills, and more. Visits cost {{telehealth_cost}}.

CTA: Start a Virtual Visit → {{telehealth_url}} · **Tags:** telehealth, virtual visit, video doctor, online doctor

Mental health resources

Your plan covers mental health and substance use care, including therapy and counseling. [If EAP = Yes] {{eap_name}} also offers free, confidential counseling sessions. If you're in crisis, call or text 988 any time.

CTA: Find Mental Health Care → {{mental_health_url}} · **Tags:** mental health, therapy, counseling, anxiety, depression, EAP, 988

Second opinions

Many plans cover a second opinion before major surgery or after a serious diagnosis. [If second opinion service = Yes] {{second_opinion_service}} offers expert reviews at no cost. Call {{carrier_phone}} to confirm coverage.

Tags: second opinion, surgery, diagnosis, expert review

Quick Answers: Claims & Billing

Understanding an EOB

An Explanation of Benefits (EOB) is not a bill. It shows what the provider charged, the discount from your plan, what the plan paid, and what you may owe. Use it to check the bill you get from your provider.

Video: Reading Your EOB · **Tags:** EOB, explanation of benefits, is this a bill

Checking claim status

Log in to see every claim and where it stands. Providers usually submit claims within a few weeks of your visit.

CTA: View My Claims → {{carrier_url}} · **Tags:** claim status, pending claim, processed

Denied claims

Call {{carrier_name}} at {{carrier_phone}} to find out why. Denials are often caused by a coding error or missing information that can be fixed. You have the right to appeal, generally within 180 days of the denial. If the internal appeal is denied, you can request an independent external review.

Docs: Summary Plan Description · **Tags:** denied, denial, appeal, rejected claim, not covered

Medical bill questions

Compare the bill to your EOB, and ask the provider for an itemized bill if anything is unclear. Many providers offer payment plans. Federal law protects you from most surprise out-of-network bills for emergency care and for certain care at in-network hospitals.

Contact: {{carrier_name}}, {{carrier_phone}} · **Tags:** medical bill, surprise bill, itemized bill, payment plan, overcharged

Prior authorization

Some services, such as MRIs, surgeries, and certain treatments, need approval from {{carrier_name}} before you receive them. Your doctor usually requests it. Without it, the claim may be denied.

Tags: prior authorization, pre-approval, precertification, MRI, surgery

Quick Answers: Prescriptions

Prescription coverage

Your prescription benefits are managed by {{pbm_name}}. Medications are grouped into tiers on the plan's drug list, and lower tiers cost less. Check your drug list to see your cost before you fill.

Docs: Drug List (Formulary) · **CTA:** Check My Drug Costs → {{pbm_url}} · **Tags:** prescription, drug list, formulary, tier, medication cost

Pharmacy network

Fill prescriptions at an in-network pharmacy to pay the lowest cost. Find in-network pharmacies near you at {{pbm_url}}.

CTA: Find a Pharmacy → {{pbm_url}} · **Tags:** pharmacy, CVS, Walgreens, where to fill

Generic vs. brand-name medications

Generic medications have the same active ingredients as brand-name drugs, meet the same FDA standards, and usually cost much less. Ask your doctor or pharmacist whether a generic is available.

Tags: generic, brand name, cheaper medication, save on prescriptions

[If mail order = Yes] Mail-order pharmacy

For medications you take regularly, {{mail_order_pharmacy}} can deliver a 90-day supply to your home, often at a lower cost.

CTA: Set Up Mail Order → {{pbm_url}} · **Tags:** mail order, home delivery, 90-day supply, maintenance medication

Prior authorization for medications

Some medications need approval before the plan will cover them, or require you to try a lower-cost drug first. Your doctor submits the request. If it's denied, you can appeal.

Contact: {{pbm_name}}, {{pbm_phone}} · **Tags:** prior authorization, step therapy, medication not covered, drug approval

Quick Answers: Changes to Coverage

Qualifying life events

Outside Open Enrollment, you can change your coverage only after a qualifying life event. Examples include marriage, birth or adoption, divorce, a dependent's death, losing other coverage, or moving out of your plan's service area. Request the change within {{qle_window}} of the event, and make sure the change matches the event.

CTA: Make a Coverage Change → Dependent Action Hub · **Tags:** life event, qualifying event, change coverage mid-year, special enrollment

Add a spouse

You can add your spouse within {{qle_window}} of your marriage, or within {{qle_window}} of your spouse losing other coverage. You'll need a copy of your marriage certificate.

CTA: Add My Spouse → Dependent Action Hub · **Tags:** add spouse, got married, wife, husband, marriage

Add a newborn or adopted child

Coverage can start on the date of birth or adoption if you enroll your child within {{newborn_window}}. You'll need a birth certificate or adoption paperwork. This is also a good time to update your beneficiaries and review your life insurance.

CTA: Add My Child → Dependent Action Hub · **Tags:** baby, newborn, birth, adoption, add child, having a baby

Remove a dependent

You can remove a dependent after a qualifying event, such as divorce or the dependent gaining other coverage. Removing someone outside a qualifying event usually has to wait until Open Enrollment.

Contact: {{hr_contact}} · **Tags:** remove dependent, drop coverage, take off plan

Divorce or legal separation

Remove your former spouse within {{qle_window}} of the divorce. Your former spouse may be able to continue coverage through COBRA if the plan is notified within 60 days. Remember to update your retirement and life insurance beneficiaries, too.

Contact: {{hr_contact}} · **Tags:** divorce, separation, ex-spouse, remove spouse, COBRA

Open Enrollment

Once a year, from {{open_enrollment_dates}}, you can change plans, add or drop dependents, and enroll in an HSA or FSA without a qualifying event. FSA elections must be made again every year.

Upcoming meetings: {{upcoming_health_meetings}} · **CTA:** Enroll Now → {{enrollment_platform_url}} · **Tags:** open enrollment, annual enrollment, change plans, enrollment deadline

Dependent age limit

Children can stay on your medical plan until age 26, whether or not they're married, in school, or living with you. Coverage usually ends {{age_26_end_rule}}.

Tags: age 26, adult child, kids on plan, dependent age

Quick Answers: HSA / FSA

[If HSA = Yes or FSA = Yes] HSA vs. FSA

An HSA is available only with a high-deductible health plan. The money is yours to keep, carries over every year, and can be invested. An FSA works with any plan, but you generally must use the money within the plan year. [If dependent care FSA = Yes] A separate Dependent Care FSA covers child care and adult day care.

Video: HSA vs. FSA · **Tags:** HSA vs FSA, difference, which account, dependent care

Eligible expenses

You can use these accounts for deductibles, copays, prescriptions, dental and vision care, and many over-the-counter items. Keep your receipts in case you're asked to verify a purchase.

Docs: Eligible Expenses List · **Tags:** eligible expenses, what can I buy, qualified expenses, receipts

Contribution limits

For {{plan_year}}, you can contribute up to {{hsa_limit_self}} to an HSA for self-only coverage, or {{hsa_limit_family}} for family coverage. If you're 55 or older, you can add $1,000. The Health FSA limit is {{fsa_limit}}, [If dependent care FSA = Yes] and the Dependent Care FSA limit is {{dcfsa_limit}} per household.

Tags: HSA limit, FSA limit, how much can I contribute, max contribution

Reimbursements

Pay with your benefits card at the point of purchase, or pay out of pocket and submit a claim with your receipt at {{hsa_fsa_url}}. [If FSA = Yes] FSA claims for the plan year must be submitted by {{fsa_runout_deadline}}.

CTA: Submit a Claim → {{hsa_fsa_url}} · **Tags:** reimbursement, submit receipt, get paid back, benefits card

What happens to unused funds?

HSA money rolls over every year and stays yours, even if you leave the company. FSA money is generally use-it-or-lose-it. [If FSA carryover = Yes] Up to {{fsa_carryover_amount}} carries over to next year. [If FSA grace period = Yes] You have until {{fsa_grace_deadline}} to spend last year's funds.

Tags: unused funds, rollover, carryover, lose my money, use it or lose it

Quick Answers: Leaving / Aging

COBRA

COBRA lets you keep the same group health coverage after you leave, generally for up to 18 months. You'll receive an election notice and have 60 days to sign up, and coverage is retroactive once you elect it. You pay the full premium plus up to a 2% administrative fee.

Contact: {{cobra_administrator}}, {{cobra_phone}} · **Tags:** COBRA, keep my insurance, after I leave, continuation coverage

Marketplace coverage

Losing job-based coverage opens a 60-day special enrollment period on HealthCare.gov or your state's marketplace. Depending on your income, you may qualify for savings that make it cost less than COBRA. Compare both before you decide.

Tags: marketplace, Obamacare, ACA, HealthCare.gov, individual insurance

Leaving the company

Your health coverage usually ends {{coverage_end_rule}}. Before your last day, confirm your end date, compare COBRA, Marketplace, and a spouse's plan, and spend any FSA balance. Your HSA stays yours.

CTA: Contact HR → {{hr_contact}} · **Tags:** leaving, last day, quit, coverage end date, termination

Turning 65

Your Medicare Initial Enrollment Period lasts 7 months: the 3 months before, the month of, and the 3 months after your 65th birthday month. If you're still working here and covered by this plan, you may be able to delay Part B without a penalty, depending on the size of your employer. Talk with an advisor before you decide.

CTA: Talk to a Medicare Advisor → {{benefits_advisor_booking_url}} · **Tags:** turning 65, Medicare enrollment, Part B, still working at 65

Medicare

Medicare includes Part A (hospital), Part B (medical), and Part D (prescriptions), with Medicare Advantage and Medigap as additional options. If you have an HSA, stop contributing before your Medicare coverage starts, because Part A can be backdated up to 6 months.

CTA: Talk to a Medicare Advisor → {{benefits_advisor_booking_url}} · **Tags:** Medicare, Part A, Part B, Part D, Medigap, Medicare Advantage

Before launch: Group Health review items

1. Many employers offer more than one medical plan. Cost fields ({{deductible}}, {{oop_max}}, {{coinsurance}}, copays) need one value per medical plan, or the answer should link to each plan's Summary of Benefits and Coverage instead of stating one number.
2. HSA, FSA, and Dependent Care FSA limits are global values, updated each year. They aren't per-plan fields.
3. Every [If ...] condition needs a matching yes/no field in Create Benefits: HSA, FSA, Dependent Care FSA, dental, vision, telehealth, EAP, mail order, PCP required, referral required, nurse line, and second opinion service. The whole HSA / FSA group hides when neither account is offered.
4. COBRA timing, appeal windows, and Medicare rules need a final compliance check by the benefits advisor's firm.
5. Medicare questions are a natural handoff for advisors who offer Medicare guidance. The CTA should go to the benefits advisor, not the retirement advisor, when they're different people.

Group Life

Group Life is seeded with 4 Featured topics and 30 Quick Answers in 6 groups. When the employer includes short-term or long-term disability in this category, Disability Benefits becomes a fifth Featured topic and the Disability group appears. When turned on, the optional Account Access card for the carrier's portal appears in the Featured grid; it doesn't count toward the Featured topics.

Topic	Default placement	Accordion group	Show if	CTA → destination
Account Access	Featured (optional card)	None	Advisor turns it on	Carrier portal
Review My Coverage	Featured 1	Coverage	Always	Carrier or enrollment portal
Update My Beneficiary	Featured 2	Beneficiaries	Always	Beneficiary Action Hub
Change or Add Coverage	Featured 3	Enrollment	Voluntary life = Yes	Enrollment platform
File a Claim / Get Help	Featured 4	Claims	Always	Carrier claims, HR contact
Disability Benefits	Featured 5	Disability	STD = Yes or LTD = Yes	Disability carrier claims
Keep Coverage When You Leave	Alternate (Quick Answer)	Leaving the Company	Portability or conversion = Yes	Carrier

Alternate card line, used if promoted:

- **Keep Coverage When You Leave:** Learn how to continue your life insurance after you leave the company.

Featured 1: Review My Coverage

Card line: See your current life and disability coverage.

Quick Answer: {{plan_sponsor_name}} provides basic life insurance of {{basic_life_amount}}, {{basic_life_cost}}. [If AD&D = Yes] It includes matching accidental death and dismemberment (AD&D) coverage. [If voluntary life = Yes] You may also have added voluntary coverage for yourself or your family.

Steps:

1. Log in at {{life_portal_url}}.
2. Open Life Insurance.
3. Review your coverage amounts for yourself, your spouse, and your children.

Docs: Life Insurance Certificate, Benefits Guide

CTA: View My Coverage → {{life_portal_url}}

Related Quick Answers: Basic vs. voluntary life insurance · How much coverage do I have? · AD&D · Why is there life insurance income on my pay stub?

Tags: life insurance, coverage amount, how much, basic life, AD&D, death benefit

Featured 2: Update My Beneficiary

Card line: Review or update who receives your life insurance benefit.

Quick Answer: Your life insurance beneficiary is separate from your retirement plan beneficiary, so update both. Review your choices after any marriage, divorce, birth, adoption, or death in the family. Minor children can't receive the money directly, so consider a trust or custodian.

Steps:

1. Log in at {{life_portal_url}}.
2. Go to Beneficiaries.
3. Add primary and contingent beneficiaries, with percentages.
4. Save and confirm.

Docs: Beneficiary Designation Form · **Contact:** {{hr_contact}}

CTA: Update My Beneficiary → Beneficiary Action Hub

Related Quick Answers: Primary vs. contingent beneficiaries · Naming a minor · Naming a trust · When should I review my beneficiary?

Tags: beneficiary, who gets my life insurance, spouse, children, contingent, divorced, married

Featured 3: Change or Add Coverage [If voluntary life = Yes]

Card line: Explore voluntary coverage for yourself and eligible family members.

Quick Answer: You can buy additional life insurance for yourself, your spouse, and your children through payroll deduction. Amounts up to {{guaranteed_issue_amount}} are guaranteed when you first enroll. Higher amounts, or enrolling later, may require Evidence of Insurability, which means answering health questions.

Steps:

1. Check that you're in an enrollment window: new hire, Open Enrollment ({{open_enrollment_dates}}), or a qualifying life event.
2. Log in at {{enrollment_platform_url}}.
3. Choose your coverage amounts and review the cost per paycheck.
4. Complete Evidence of Insurability if prompted.

Docs: Voluntary Life Rates, Benefits Guide · **Video:** How Much Life Insurance Do I Need?

CTA: Add Coverage → {{enrollment_platform_url}}

Related Quick Answers: How much coverage do I need? · Evidence of insurability · Spouse coverage · When can I change coverage?

Tags: add life insurance, voluntary life, supplemental life, more coverage, spouse life, child life

Featured 4: File a Claim / Get Help

Card line: Find claim information and connect with the right person.

Quick Answer: To file a life insurance claim, contact {{hr_contact}} first. HR completes the employer section, and the beneficiary sends a claim form and certified death certificate to {{life_carrier}}. We know this can be a difficult time, and {{hr_contact}} can walk you through each step.

Steps:

1. Notify {{hr_contact}}.
2. The beneficiary completes the claim form.
3. Send the claim form and a certified death certificate to {{life_carrier}}.
4. {{life_carrier}} reviews the claim and pays the benefit once approved.

Docs: Life Claim Form · **Contact:** {{hr_contact}}, {{life_carrier_phone}}

CTA: Start a Claim → {{life_claims_url}}

Related Quick Answers: What documentation is required? · Who should I contact? · What happens after a claim is submitted?

Tags: claim, death, passed away, file a claim, death certificate, beneficiary claim

Featured 5: Disability Benefits [If STD = Yes or LTD = Yes]

Card line: Understand your income protection if you can't work because of illness or injury.

Quick Answer: [If STD = Yes] Short-term disability replaces {{std_benefit_pct}} of your pay after {{std_waiting_period}}, for up to {{std_max_duration}}. [If LTD = Yes] Long-term disability replaces {{ltd_benefit_pct}} of your pay after {{ltd_elimination_period}}, for longer illnesses or injuries.

Steps:

1. Tell your manager and {{hr_contact}} as soon as you know you'll be out.
2. File a claim with {{disability_carrier}} at {{disability_claims_url}} or {{disability_phone}}.
3. Ask your doctor to complete the medical section.
4. Stay in touch with your claim manager until you return to work.

Policy number: {{group_number}}

Quick actions: See coverage · Update beneficiaries · Start a claim

CTA: Register or Log In → {{life_portal_url}}

Secondary links: Call {{life_carrier_phone}}

Quick Answers: Coverage

Basic vs. voluntary life insurance

Basic life insurance is provided by {{plan_sponsor_name}}, often at no cost to you. Voluntary life insurance is extra coverage you can buy for yourself and your family through payroll deduction.

Tags: basic life, voluntary life, supplemental, employer paid, difference

How much coverage do I have?

Your basic life coverage is {{basic_life_amount}}. Any voluntary coverage you elected is added on top. Log in to see your exact amounts.

CTA: View My Coverage → {{life_portal_url}} · **Tags:** how much life insurance, coverage amount, death benefit

How much coverage do I need?

It depends on who relies on your income and what they would need to cover: everyday living costs, a mortgage or debts, children's education, and final expenses. Many people find employer coverage alone isn't enough. {{advisor_name}} can help you work out the right amount.

Video: How Much Life Insurance Do I Need? · **CTA:** Get a Coverage Review → {{advisor_booking_url}} · **Tags:** how much do I need, enough coverage, income replacement, family protection

Review my personal life insurance

Life insurance needs change over time. If you have a policy outside work, or think your current policy costs too much, {{advisor_name}} can review it alongside your employer coverage and help you decide what fits your family now.

CTA: Book a Coverage Review → {{advisor_booking_url}} · **Tags:** personal life insurance, outside policy, too expensive, review my policy, term vs whole

[If AD&D = Yes] AD&D

Accidental death and dismemberment (AD&D) insurance pays an extra benefit if you die or suffer certain serious injuries, such as the loss of a limb or eyesight, in an accident. It doesn't cover death from illness.

Tags: AD&D, accidental death, dismemberment, accident

[If spouse coverage = Yes] Spouse coverage

You can buy coverage for your spouse up to {{spouse_life_max}}. Spouse coverage is usually limited to a share of your own coverage, and higher amounts may require Evidence of Insurability.

Tags: spouse life insurance, husband, wife, partner coverage

[If child coverage = Yes] Dependent child coverage

You can buy coverage of {{child_life_amount}} for each eligible child, from {{child_life_min_age}} until {{child_life_max_age}}. One premium usually covers all of your children.

Tags: child life insurance, kids coverage, dependent life

Why is there life insurance income on my pay stub?

IRS rules treat the cost of employer-paid group life coverage above $50,000 as taxable income. That small amount, called imputed income, appears on your pay stub and W-2. It's normal and doesn't mean you were paid extra.

Tags: imputed income, GTL, taxable life insurance, pay stub, W-2

Quick Answers: Beneficiaries

How do I update my beneficiary?

Log in at {{life_portal_url}}, go to Beneficiaries, and add each person's name, relationship, and percentage. Your life insurance beneficiary is separate from your retirement plan beneficiary, so update both.

CTA: Update My Beneficiary → Beneficiary Action Hub · **Tags:** update beneficiary, change beneficiary, who gets my money

Primary vs. contingent beneficiaries

Your primary beneficiary receives the benefit first. A contingent beneficiary receives it only if your primary beneficiary has died before you. Naming both helps avoid delays.

Tags: primary beneficiary, contingent beneficiary, backup beneficiary

Naming a minor

Insurance companies generally can't pay a benefit directly to a child. If a minor is named, a court may need to appoint someone to manage the money. Naming a trust, or a custodian under your state's laws, can avoid that. Talk with an estate attorney or {{advisor_name}}.

CTA: Talk to an Advisor → {{advisor_booking_url}} · **Tags:** minor beneficiary, child beneficiary, guardian, custodian

Naming a trust

You can name a trust as your beneficiary by entering the trust's full name, date, and trustee. A trust lets you control how and when the money is used. An estate attorney can help you set one up.

Tags: trust, trust beneficiary, estate planning, trustee

When should I review my beneficiary?

Review it after any marriage, divorce, birth, adoption, or death in the family, and at least every few years. An outdated designation can send money to the wrong person.

Tags: review beneficiary, life event, outdated beneficiary, marriage, divorce

Quick Answers: Enrollment

[If voluntary life = Yes] How do I add coverage?

Log in at {{enrollment_platform_url}} during an enrollment window, choose your coverage amounts, and review the cost per paycheck. Coverage starts on {{coverage_effective_rule}}.

CTA: Add Coverage → {{enrollment_platform_url}} · **Tags:** add coverage, buy life insurance, enroll in life

Evidence of insurability

Evidence of Insurability (EOI) is a health questionnaire, sometimes with a short exam. It's usually required for amounts above {{guaranteed_issue_amount}} or when you enroll after your first opportunity. Coverage above the guaranteed amount starts only after {{life_carrier}} approves it.

Tags: EOI, evidence of insurability, health questions, medical underwriting, guaranteed issue

When can I change coverage?

You can add or change coverage when you're first hired (within {{new_hire_window}}), during Open Enrollment, or within {{qle_window}} of a qualifying life event such as marriage or a new child.

Tags: change coverage, when can I enroll, enrollment window, life event

Open Enrollment

Open Enrollment runs {{open_enrollment_dates}}. It's the yearly chance to add or increase life coverage for yourself and your family, though higher amounts may require EOI.

Upcoming meetings: {{upcoming_life_meetings}} · **CTA:** Enroll Now → {{enrollment_platform_url}} · **Tags:** open enrollment, annual enrollment, enrollment deadline

Quick Answers: Claims

How do I file a claim?

Contact {{hr_contact}} first. HR completes the employer section, and the beneficiary sends the claim form and required documents to {{life_carrier}}.

CTA: Start a Claim → {{life_claims_url}} · **Tags:** file a claim, death claim, how to claim life insurance

What documentation is required?

Typically you'll need the completed claim form, a certified death certificate, and the beneficiary's identification. AD&D claims may also need an accident or police report.

Docs: Life Claim Form · **Tags:** death certificate, claim documents, paperwork, what do I need

Who should I contact?

Start with {{hr_contact}}, who can confirm coverage and start the claim. For claim status, contact {{life_carrier}} at {{life_carrier_phone}}.

CTA: Contact HR → {{hr_contact}} · **Tags:** contact, who to call, help with claim

What happens after a claim is submitted?

{{life_carrier}} reviews the claim and may ask for more information. Most complete claims are paid within a few weeks of approval. [If carrier support services = Yes] {{life_carrier}} also offers grief counseling and financial or legal guidance for beneficiaries.

Tags: claim status, how long, payout, after filing

Quick Answers: Leaving the Company

[If portability = Yes] Portability

Portability lets you keep your group term life coverage after you leave, usually at group rates, by paying the premium directly to {{life_carrier}}. You must apply within {{conversion_window}} of your coverage ending.

CTA: Contact {{life_carrier}} → {{life_carrier_phone}} · **Tags:** portability, keep life insurance, port coverage, after I leave

[If conversion = Yes] Conversion

Conversion lets you turn your group coverage into an individual permanent life policy without answering health questions. It usually costs more than group coverage. You must apply within {{conversion_window}} of your coverage ending.

Tags: conversion, convert life insurance, individual policy, whole life

What happens to my coverage when employment ends?

Your group life coverage usually ends {{coverage_end_rule}}. Before then, compare portability, conversion, and an individual policy. {{advisor_name}} can help you decide.

CTA: Talk to an Advisor → {{advisor_booking_url}} · **Tags:** leaving, coverage ends, quit, retire, life insurance after job

Quick Answers: Disability [If STD = Yes or LTD = Yes]

[If STD = Yes] Short-term disability

Short-term disability replaces {{std_benefit_pct}} of your pay, up to {{std_weekly_max}} a week, if an illness, injury, surgery, or childbirth keeps you from working. Benefits start after {{std_waiting_period}} and last up to {{std_max_duration}}.

Docs: Disability Certificate · **Tags:** short-term disability, STD, surgery, maternity, out of work

[If LTD = Yes] Long-term disability

Long-term disability replaces {{ltd_benefit_pct}} of your pay, up to {{ltd_monthly_max}} a month, for longer illnesses or injuries. Benefits start after {{ltd_elimination_period}} and can continue for an extended period, as defined in your certificate.

Waiting periods

Benefits don't start the day you stop working. [If STD = Yes] Short-term disability begins after {{std_waiting_period}}. [If LTD = Yes] Long-term disability begins after {{ltd_elimination_period}}. You may be able to use paid time off or sick time during the waiting period.

How to file a disability claim

File as soon as you know you'll be out. For a planned surgery or birth, you can often start the claim before your leave begins.

1. Tell your manager and {{hr_contact}}.
2. File with {{disability_carrier}} at {{disability_claims_url}} or {{disability_phone}}.
3. Ask your doctor to complete the medical section.
4. Respond quickly to any requests from your claim manager.

Return-to-work questions

You'll need a release from your doctor to return. If you can only work part-time at first, partial disability benefits may continue. Talk with {{hr_contact}} about any workplace accommodations.

Are disability benefits taxable?

It depends on who pays the premium. If {{plan_sponsor_name}} pays, benefits are generally taxable. If you pay with after-tax dollars, benefits are generally tax-free. Some states also have their own disability programs, which may work alongside this coverage.

Before launch: Group Life review items

1. {{basic_life_amount}} needs to support either a flat amount, such as $50,000, or a multiple of salary, such as 1x pay.
2. Portability and conversion windows, EOI thresholds, and AD&D terms vary by carrier. They should come from the carrier certificate, not defaults.
3. Every [If ...] condition needs a matching yes/no field in Create Benefits: AD&D, voluntary life, spouse coverage, child coverage, portability, conversion, STD, LTD, and carrier support services. The whole Disability group hides when neither STD nor LTD is offered.
4. Some employers treat disability as its own benefit. If so, the disability topics can move to the Other / Custom category without being rewritten.
5. The imputed income and disability tax answers need a final compliance check by the advisor's firm.
